OUR PLATFORM, NETWORK & EXPERIENCE

CLEAR is changing the way consumers experience the world by transforming the cards in their wallet into a single biometric ID. With CLEAR, your fingertips, eyes and face are your ID, credit card, ticket, reservation, and more – so you keep moving. Today, there are more than 4 million CLEAR members enjoying secure, frictionless experiences at 60+ airports, arenas, stadiums, and other locations nationwide.

CLEAR is best-known for enhancing the curb-to-gate experience at the airport, making it easier and more secure for travelers to verify their ID and boarding pass – all with a simple blink or tap. In recent years, CLEAR has expanded its network, partnerships and customer experiences, including:

- **Biometric Ticketing:** Baseball fans can use their fingerprints instead of a paper or mobile ticket to enter Citi Field (New York Mets), Comerica Park (Detroit Tigers) and Globe Life Park (Texas Rangers).
- **Biometric Payments & Age Validation:** Sports fans at Seattle's CenturyLink Field and T-Mobile Arena and New York's Citi Field can buy food and drinks – while proving they're of legal age for alcohol purchases – with a single touch, a first in the United States.
- **Hertz Fast Lane Powered by CLEAR:** At the exit gate, members can verify their driver's license and rental car reservation using only their face or fingerprints, helping them hit the road in 30 seconds or less – a time saving of at least 75 percent.

CLEAR'S biometric identity platform is SAFETY Act Certified by the Department of Homeland Security and meets FISMA HIGH compliance requirements for protecting sensitive data as determined by the Transportation Security Administration (TSA).
